Introduction of the Faculty

Established in 1987, the College of Business Management at Chungbuk University has contributed to the nurturing of talent and the studies of various issues in the field of business management and economics, which are in high demand in the era where globalization, information communication technology, and localization has gained an ever increasing importance. By presenting and delivering on a new business philosophy fit for this contemporary era, the College has seen many of its graduates become experts in the field, and in turn contribute to the nation's progress and welfare. With a faculty of 42 professors in various majors, the College offers in-depth and high quality education and research.

Through collaboration projects with businesses, its research center for industry and management and its 11 sub-centers, it has also been giving back to the local community and contributing to the development of the local economy.

College of Business Management consists of the department of business management, department of international business management, department of business management and information and department of tech business management, covering a wide range of areas for balanced research and development in the field of business management.

SCHOOL OF BUSINESS HISTORY&OVERVIEW

In Chungbuk National University, the Department of Business Administration and the Department of Accounting were first established in 1977 and 1979 respectively. Since then, the two departments have made great contributions in honoring Chungbuk National University and have produced more than 4,700 qualified alumni as of 2010.

In 1999, the two departments were integrated and reborn into the School of Business, with the mission to inquire into the essence of business and to cultivate creativity and integrity from its scholars.

Since the integration of two departments, the School of Business has developed and aimed to secure its place as Korea's top business school. Our vision is to be one of the top business schools in Korea and ultimately become one of the most renowned business schools in the world. For that purpose, we are now providing the students with world-class qualified educational programs and seek to create a close-knit community of professors, students and alumni.

Our department focuses on the purpose of cultivating professional managers and accountants with excellent business talent and skills to solve creative problems by studying comprehensive expertise for handling related practical matters. The ultimate goal is for graduates to be prepared for the rapidly changing world of globalization and informationalization. Our department of business administration began with the merger of the management and the accounts sections. The curriculum consists of expertise related to Finance, Operations, HRM&OB, Marketing, Accounting, etc. We are also training students on how to use computer education and foreign languages for the twenty-first century informationalization. The graduates of our department can choose a variety of courses in general companies, public institutions, advertising companies, financial agencies, insurance companies, government agencies, and educational institutions. By acquiring specific professional certificates, they can also serve as experts such as a certified public accountant, a licensed tax accountant, a labor manager, a managing instructor, a worker for compensation for damages, a staff of a insurance company, an administrator of physical distribution, a stock analyst, an appraiser, or an accountant.

Important Notes

1. Professors usually have lots of classes and schedules, which means they are not likely to reply back to your email as soon as they receive. If you aspire to studying enough to reach out to the professors early, you will make it.

** It is not guaranteed that you will get the Recommendation letter from professors.*

2. Recommendation letter is a **Compulsory** document during application.

Plus, it does NOT guarantee your admission even though you have received it from the CBNU professor.

3. It does NOT mean you will pass all screening process even though you have got the Recommendation letter. **There is possibility that you would not make it even though you have got the recommendation letter.**
