

## The PCR test guide before entering Korea

- ★ Since the criteria for issuing PCR negative confirmation vary from country to country, please make sure to check the embassy notice before leaving your home country and conduct PCR inspection. ★

### - Common information -

- ▶ All overseas entrants must submit a PCR negative confirmation upon entry ('21.2.24~), and if there is no PCR negative confirmation based on the following criteria, boarding of flights will be restricted ('21.7.15~).

The criteria for issuing PCR negative confirmation will be changed to "negative confirmation checked within 48 hours (2 days) based on the departure date."

("From the arrival at midnight on January 20th, 2022)
